Great Facilities to Invigorate
People of Every Age.

20000 SWIMMERS TONIGHT.

Swimming Club, Bathing, Boats, Beach and
Golf Will Show the Middletown Bathing of the Month and as Agreeable
to Work Longer Hours.

PHILADELPHIA, May 13.—Fathers to the
children in the city have given their
consent to the plan to turn the city's
playground into a swimming bath, and the
city fathers will be the first to use it.

The plan was adopted by the city
council at a meeting yesterday.

The city fathers are to be congratulated

on their good sense in adopting the

plan, which will give the children

a place where they can swim

and exercise without fear of getting

wet clothes or being exposed to the

sunshine.

The plan is to have a large

swimming bath, a smaller one for

the younger children, and a beach

for the older children.

REMEMBER there are hundreds of brands of White Lead (so called) on the market that are not White Lead, composed largely of Barytes and other cheap materials. But the number of brands of genuine

Strictly Pure White Lead

is limited. The following brands are standard "Old Dutch" process, and just as good as they were when you or your father were boys:

"Atlantic," "Jewett,"
"Brooklyn."

For Colors.—National Lead Co's Pure White Lead Tinting Colors a one-pound can to a pound of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

Send us postal card and get our book on paints and color-card, free; it will probably save you a good many dollars.

NATIONAL LEAD CO., New York.

A GOLDEN JUBILEE.

The Y. M. C. A. About to Celebrate Its Fifth Anniversary.
The golden jubilee of the Young Men's Christian association will be celebrated on June 6 by appropriate exercises in every country where the organization has gained a foothold, but the celebration in London, the cradle of the association, will have especial significance and importance. The exercises there will last for a week and will include the meeting of the thirteenth international conference of the association, with public thanksgiving services in St. Paul's cathedral on jubilee day and a public reception at Royal Albert Hall, Kensington.

George Williams, the founder of the organization, now nearly 73 years old, will attend these exercises and tell how he came to start the Y. M. C. A. Delegates will be present from every one of the United States and from 17 other countries, and there will be almost as many languages spoken as there are countries represented. The corporation of the city of London has appropriated \$2,000 for the entertainment of the delegates, so that something of a civic aspect will be added to the religious character of the celebration.

The first Y. M. C. A. was organized June 6, 1844, at a meeting of the 80 clerks of the big London dry goods house of Hitchcock & Co., and its stated object was "to improve the spiritual condition of young men engaged in the drapery and other trades." Now there are 70 branches in London alone and 843 in the United Kingdom, while in the world at large there are 3,183 branches with a membership close to 600,000 souls.

The first American branch was organized in Boston Dec. 29, 1851, and within two years there were branches in 26 other American cities. The convention of the American branches in Buffalo in June, 1854, was really the first conference in the history of the association, and the first international conference, which met in Paris in August, 1855, was also called under American auspices. It is a notable coincidence that the Salvation Army was also started in London in June, 1844, and that organization, too, will have a big anniversary celebration in London next month.

A CANADIAN PATRIOT

Joseph Royal Advocates Independence For the Dominion.

Joseph Royal, whose pamphlet in favor of Canadian independence has stirred up so much excitement in the Dominion, is a man of striking personality and remarkable strength of character. He was born in Montreal in 1837 and began his

JOSEPH ROYAL.

career as a journalist. It was in Le Nouveau Monde that he first attracted attention to his trait of thinking and acting for himself. Although a Conservative, he fought against his leader, Sir George E. Cartier, and the powerful corporation of the Sulpicians on the question of the division of the Catholic parishes of Montreal. It required much independence of character and energy to enter a campaign against such powerful opponents as Cartier and the Sulpicians, who wielded at that time an immense influence in Montreal.

Mr. Royal was elected to the Dominion parliament in 1880 by a Manitoba constituency and succeeded in having a committee appointed to study the feasibility of a railway from Winnipeg to Hudson Bay. Out of this came the incorporation of the Hudson Bay Railway company, which will probably one day exert an immense influence on the development of the Canadian northwest.

In 1885 Mr. Royal was appointed Lieutenant Governor of the Northwest Territories, a position which he held for the regular term of five years to July 1, 1893, and in which he was continued until last December.

In his social life Mr. Royal is charming, and his conversation is most attractive. He is possessed of a thorough and varied learning, speaks with facility both French and English and is equally popular with the leading men of both political parties. His intimacy with Lieutenant Governor Chaplin is personal as well as political, and a significant rumor has it that the manuscript of his pamphlet was submitted to and approved by Mr. Chaplin, at whose residence Mr. Royal spent a few days just prior to its publication.

This is not a matter of surprise in Canada, as it is well known that Mr. Chaplin has on several occasions pronounced in favor of independence, and that he went out of the Dominion government on account of serious disagreement between himself and his former colleagues on questions of the highest import.

Souvenir of Babel's Tower.

Bricks from what is believed to be the remains of the old tower of Babel are still found in great profusion at Birs Nimrod, Babylon.

What one Grocer says:
— "I hire clerks who can sell the goods that I tell them to sell—and of course I tell them to sell the goods on which I make the most money. If they can't do it, I won't have them. That's what I hire them for."

This is an actual fact related by a grocer to our salesman—and it's a common fact; we have it daily. So, you see, when they tell you that some worthless or dangerous washing-powder is "the same as" or "as good as" Pearline, that's because it pays a larger profit. Too large, altogether, if clerks can be hired on purpose to make people take things they don't want and know nothing of, instead of a tried and proved article like Pearline. If your grocer sends you what you do not order, be honest—send it back.

HOME OF THE ORANG.

Some Wonders in Borneo, Where These Animals Are Most plentiful.

The great island of Borneo is the home of the orang, and one of the most noticeable features of the landscape is the nests of the orang, which are scattered about thickly among the tall trees. Their number one might get a greatly exaggerated impression of the plenitude of the species unless it were understood how and for what purpose these roosting places were constructed. The apes are greatly annoyed by flies, from which they are able to protect the front part of their bodies with their hands, but they cannot keep the vicious insects from biting them in the rear, and so they gather a quantity of leaves and branches and make them into couches to repose against among the boughs.

A protection of this sort serves very well for awhile, but presently its material begins to decompose, and the decaying leaves attract the flies which the orang is so anxious to get rid of. Then he is obliged to make another nest of fresh stuff, and so he may require a dozen of them in the course of the year. Inasmuch as he does not take the trouble to remove the old one, they remain to adorn the tree top in which he swings about. Orangs have a curious method of fighting. In their conflict among themselves, which are frequent, their effort is always to seize the fingers of their adversaries and bite them.

It is owing to this method of battle that it is almost impossible to procure a skin which does not lack some of the fingers. If defending itself against a man, the orang will always attempt to grasp the arms of his human opponent, so as to chew off his fingers. For this purpose its jaws are excellently adapted, being enormously powerful and equipped with huge incisors.

To protect itself from the rain the orang crooks its arms over its head. The hair on the orang's upper arm points downward, the apparent purpose being to shed the rain like a thatch when the attitude thus described is assumed.—Pittsburg Dispatch.

TO READ.

HOW BIG WAS ALEXANDER?

"How big was Alexander, pa?"

No need quote any more;

How well we know the verses

And the moral that they bore!

The little boy was seeking

After knowledge, in his way,

And little boys are asking

Questions such as that to-day.

They are right. To know of great men,

How they live and work, will tell

How to follow in their fortunes,

How to win a place as well;

And the pictures and the stories

Of the great men still alive

Teach the youth of what to seek for,

How to study and to strive.

"America's Greatest Men and Women."

Greatest
Men and
Women.

The remarkable work just issuing in sixteen parts, of sixteen pages each, with a portrait on each page, 10x14 inches in size, of some prominent

Living American Man or Woman

Accompanied by a brief but graphic biography of each person up to date, is what will do more to make the youth of the country

More Emulous and Ambitious

Than any other publication known. A thoughtful and wise father or mother will secure this work for the youth of the family.

It can be had only through the ARGUS and MERCURY upon the following easy terms.

You Can Get This Work Only Through the Daily Argus and Mercury.

HERE ARE the TERMS.

IN EVERY ISSUE OF THE ARGUS AND MERCURY will appear a numbered coupon. Cut this coupon out and bring or forward it, together with TEV CENTS, to the Coupon Department of the ARGUS and MERCURY and there will be delivered or mailed to you one number of the series as above. The remaining parts can be obtained as issued, one each week, by the readers of the ARGUS and MERCURY under the same conditions.

DAILY ARGUS.C. MACARDELL,
PUBLISHER.GEORGE H. THOMPSON - Editor
C. MACARDELL - City Editor
J. F. ROBINSON - Business Manager
A. E. NICKINSON - Business Manager

FRIDAY, MAY 18, 1891.

Some of the more broad-minded and far-seeing Republican Senators are beginning to realize that their party cannot continue its present filibustering policy toward tariff legislation. They regard the demand of the business men of the country for relief from the present paralyzing uncertainty as too emphatic to be disregarded and know that the Republican party will be held responsible if its Senators persist in dilatory tactics. There are already signs of revolt against the policy of delay to which Aldrich, Chandler, Hoar and others have committed the Republican Senators.

Senator McMillan is one of those who believe that it is bad politics to continue the present obstructive policy. He said, yesterday, in conversation with several Republican Senators, that the people demanded prompt action on the tariff and that they would visit their wrath on the Republican party if it continued to mischievously delay the passage of a tariff bill, which all recognized must be passed eventually. Mr. Hoar interrupted to say that if the bill passed, manufacturers could not resume business. Mr. McMillan retorted that it was nonsense to suppose manufacturers could not do business on a reduced tariff. As a manufacturer, he knew they could do so. This is a business country and the people live on business not on politics and in such a matter as tariff legislation business considerations should prevail over political considerations.

Senator DuBois, of Idaho, in his speech, indicated the restlessness of some of the Senators from the far west at the Republican policy of obstructive delay and Senator Cameron is reported to have come to the conclusion that the best thing for the great manufacturing interests of Pennsylvania will be the speedy passage of some kind of a tariff bill. The prospects of early action on the tariff are brighter than they have been in weeks and it looks now as if in spite of the selfishness and wrong-headedness of a few Democratic Senators, the tariff bill may be passed before the summer is far advanced.

SOUTH CENTREVILLE.

Preaching in the Presbyterian Church
Strawberry and Ice Cream Festival
Correspondence Abuse and Misconduct.

The Rev. Mr. Steele, of Union Seminary, will occupy the pulpit of the South Centreville Presbyterian Church for four months, commencing next Sunday, May 20th.

The ladies of the South Centreville Presbyterian Church will hold their annual strawberry and ice cream festival in Robbins Hall, Tuesday evening, May 22nd. An incidental feature of the occasion will be a welcome to the new pastor. All are cordially invited.

AMITY.

A Farm House Burned—Church Sociable
Correspondence Abuse and Misconduct.

The house of Mr. Benjamin Welch, with most of the contents, was completely destroyed by fire, last Monday, about noon. The fire originated from the kitchen chimney. We are informed there was a light insurance.

The next church sociable will be held at Mr. Wickham Wilcox's, next Tuesday evening, May 22d.

LONG EDDY.

MARRIED.—A handsome Team-Ground to Pieces Under the Cars—Ice in May—Other Notes.

Correspondence Abuse and Misconduct.

Wallace Levally was married to Miss Emily Hart, of Paterson, N. J., a few days ago. Their many friends congratulated them.

J. Hart, of Paterson, is visiting Solon Levally.

Henry Theobald, of Port Jervis, visited Mr. E. Armstrong, this week.

Harry Armstrong has purchased a bicycle.

Wm. Peak has purchased the team of dapple bay horses that took first premium at the Wayne county fair.

I mentioned in my last letter that I. Bartle had received a telegram announcing his father's death. He was run over by a train at a street crossing in Jersey City, and his body was so cut and mangled that his family were not allowed to see it. He is survived by his widow and by four sons and three daughters. Mrs. Bartle is now with her son.

Ice a quarter of an inch thick formed here, Monday night.

Mrs. D. A. Carr is still very low from peritonitis.

Mrs. John Niven is under Dr. Stearn's care. She is suffering from grip.

By United Press.

NEW YORK, May 18.—Superintendent Preston, of the State Banking Department, is detained here on account of a rumored defalcation in one of the banks under his supervision to this city.

MURDER IN SECOND DEGREE.

By United Press.

NEW YORK, May 18.—Dr. Meyer, on trial for poisoning his wife, was found guilty of murder in the second degree.

TELEGRAPHIC NEWS SUMMARY.

By United Press.

Vicar General Burke has been named as Bishop of Albany, to succeed the late Bishop McNeirney.

The Senate, this morning, agreed to a resolution to meet at 10 a. m. daily.

Kelly and his Industrials are now at Niagara, Ia. Kelly says one of their missions is to "wipe Pikerettes from the face of the earth."

Scott & Co., wholesale jewelers, engaged, to-day, with preferences of nearly \$150,000.

VERNON, N. J.

Correspondence Abuse and Misconduct.

A team of colts belonging to Thomas Campbell took fright, one day last week, and ran away on top of the hill above the creamery. They ran the wagon against a post at the roadside and freed themselves, and then ran down to the creamery, where they stopped. No damage was done except to the wagon, which was slightly damaged.

Several young people of the Vernon school attended the teacher's examination, a week ago last Saturday.

OLD BOY.

Poor But Honest. Charlie Sullivan is a poor but honest Irish lad, who, while walking down Washington street, found a wallet containing checks and money to the value of several hundred dollars. Although almost destitute, he returned it to its owners, Messrs. A. P. Orinway & Co., proprietors of Sulphur Bitters, who gave him a liberal reward, and also gave him six bottles of Sulphur Bitters for his mother, who has been a terrible sufferer with rheumatism, and who returned many blessings after being cured by their use.—Weekly World.

Mother, Have You a Baby?

If so, get from your druggist to-day for 25 cents, a bottle of Dr. Hand's Colic Cure. Every baby often has distressing colic. Dr. Hand's Colic Cure gives immediate relief by removing wind from the stomach and quieting the nerves, giving restful sleep. Mother, think of the worry and anxiety this saves you. If your baby is teething Dr. Hand's Teething Lotion for 25 cents, soothes and relieves all pain. Sold by all druggists.

WOOLSTEIN RETALIATES.

We Soon the Agent of the Society for the Prevention of Cruelty to Animals.

Mr. Henry Woolstein, the defendant in the recent proceedings taken by Dr. J. J. Mills, as agent of the Society for the Protection of Animals, to prosecute said Woolstein for violation of the penal code in starving cattle on his place, on the plank road, has begun an action against Dr. Mills to recover the value of said cattle, \$240, together with \$100 for the illegal detention and with holding of the same. The cattle are now in the possession of the Society on the farm of Jacob Bauer.

OBITUARY.

Christopher DeGraw.

Christopher DeGraw, an old resident of Sussex county, N. J., died of old age and general debility, Wednesday afternoon, shortly after 3 o'clock, at the home of his son, Daniel, in Montague township, about one and a half miles below Duttonville. He was eighty-four years, two months and ten days old.

VERNON, N. J.

Correspondence Abuse and Misconduct.

A team of colts belonging to Thomas Campbell took fright, one day last week, and ran away on top of the hill above the creamery. They ran the wagon against a post at the roadside and freed themselves, and then ran down to the creamery, where they stopped. No damage was done except to the wagon, which was slightly damaged.

Several young people of the Vernon school attended the teacher's examination, a week ago last Saturday.

OLD BOY.

Poor But Honest. Charlie Sullivan is a poor but honest Irish lad, who, while walking down Washington street, found a wallet containing checks and money to the value of several hundred dollars. Although almost destitute, he returned it to its owners, Messrs. A. P. Orinway & Co., proprietors of Sulphur Bitters, who gave him a liberal reward, and also gave him six bottles of Sulphur Bitters for his mother, who has been a terrible sufferer with rheumatism, and who returned many blessings after being cured by their use.—Weekly World.

Hood's Pills act easily, yet prompt and efficiently on the liver and bowels. 25c.

HOOD'S Sarsaparilla CURES

continuing this way for four or five weeks and still taking the doctor's prescriptions, and they were many. I was seized with terrible pains in my back and regions of my kidneys. I was also troubled with my stomach, being

Bothered With Vomiting Spells after eating. Finally I gave up the doctor's treatment and commenced with Hood's Sarsaparilla. I have taken three bottles and can do a fair day's work. I am greatly encouraged by the success of the medicine and realize I am cured." —J. B. MARSH, 208 West Eighth St., Oswego, N. Y.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known how it is that we live so long. Life is located in the upper part of the spinal cord near the base of the brain, and so sensitive is this portion of the nervous system, that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve fibers are projected by the spinal roots from the brain, the position may be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the derangement of the nerve centers in the brain, not to a disease originating in the organ itself.

The great mistake of physicians in treating these diseases is that they treat the brain rather than the nerve centers which are the cause of the trouble.

In 1876, Dr. Miles, the celebrated scientist, had profoundly studied this subject for 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above extract. In the same article he made the statement that "all headache, dizziness, confusion, pressure, blues, etc., melancholy, insanity, epilepsy, etc., etc., etc., etc., are nervous diseases no matter how caused, the nervous system is the seat of the trouble." This is due to the truth based on the forcing principle.

THE COMMON COUNCIL.**PROCEEDINGS OF LAST NIGHT'S REGULAR MEETING**

A Protest Against the Railway—An Extension of Franchise Asked for—Flagging Ordered on Several streets—Never, on South street and East Avenue—Spruce Street Accepted—An Arc Lamp for the Park—A New Street Proposed—The Traction Company's Petition to be Advertised.

A regular meeting of the Common Council was held, last evening, all the members being present.

Chief Engineer Thorpe as a committee from Eagles, asked for two double lockers for the use of the men who sleep in the house. Referred to the Fire Committee, with power to act.

A PROTEST AGAINST THE RAILWAY.

The following communication was read:

To the Mayor and Common Council:

We, the undersigned property owners and taxpayers on Benton avenue, do hereby protest against the granting of any franchise to the Middletown-Goshen Traction Company to operate a street railroad through and on Benton avenue, and request the Common Council to refuse to grant a franchise to said company to operate its railroad on Benton avenue. You will also take notice that the city does not own the fee to said Benton avenue, or any part thereof, and we claim you have no power or authority to grant a franchise to said company to operate its railroad on said avenue without the consent of the persons owning the fee to said avenue, and without providing a full and adequate compensation for the damages which may result to the owners of property abutting on said avenue.

CLARISSA J. HUXLEY,
JOHN J. HUXLEY,
FRANCIS S. TRUZEN,
DANIEL FINN,
W. C. BODINE,
W. C. F. SARTIAN,
JENNIE E. PRIOR,
CHAS. G. DILL,
FRANCIS O. EVERSON.

On motion of Mr. Greene the remonstrance was placed on file.

An invitation from Secretary J. T. Ogden, of the Memorial Day Committee to participate in the Memorial Day exercises was received and accepted.

AS AN EXTENSION OF FRANCHISE.

A communication was received from the electric railroad company for an extension of its franchise as follows:

From Academy avenue, through Benton avenue to the northerly side of Bye's Park, and thence to Sprague avenue to connect the Academy and Sprague avenue lines.

Also through Lake avenue from Wickham avenue to Hasford to Knapp avenue through Knapp to Chestnut street and through a proposed new street extending from the westerly line of Chestnut street, crossing Bonnell street and over the Erie railway to Cornelius street, thence to Monhagen avenue to connect the Lake avenue and Monhagen avenue lines.

On motion of Mr. Reed the petition was placed on file.

A protest against the flagging of Hanford street from J. W. Scott, was read and laid on the table.

Action of fire companies at the monthly meetings was confirmed.

A DISCUSSION CUT SHORT.

The President asked Mr. D. Finn as to the meaning of the statement in the protest prepared by him in behalf of Benton avenue property holders that the "city had not a fee to the street."

Mr. Finn replied that it meant what it said. The city had an easement for highway purposes, but not the right to grant a franchise or to use it for other than street purposes, and that if the street should ever be abandoned the land would revert to the property owners.

Mr. E. G. Wrightman asked Mr. Finn why, if his statement was correct, that a protest was filed at any action of the Council would be illegal, and the protest was unnecessary.

Mr. Finn said the protest was there and spoke for itself.

At this point Mr. Reed raised the point of order that the matter was not under discussion and was sustained.

ALBERT STREET ORDERED ON HANFORD AVENUE.

Mr. Stensabough moved that Hanford street be flagged as requested in the petition filed at the last meeting.

TO 11 ALBERT STREET.

A resolution of Alderman Luddington that Albert street be curbed, flagged and guttered between Wickham Avenue and Ogdon street was adopted.

NO WORK IN PROGRESS ON WASHINGTON STREET.

The petition for the grading, curbing, and guttering of walls of Washington street, between Academy avenue and Prospect avenue, was taken off the table and on motion of Vernon Greene was granted.

ON SOUTH STREET AND EAST AVENUE.

A resolution was offered by Alderman Green to order a sewer on East Avenue and on South street according to a map prepared by the City Engineer.

This very indefinite resolution was adopted.

FLAGGING ON BROAD STREET.

The motion of Mr. Luddington, Broad street from Wickham avenue

to Wiener avenue was accepted, a release having been filed with the clerk.

TO FLAG OAK STREET.

A resolution of Mr. Greene ordering the flagging of the walks on both sides of Oak street, with five foot flagging, from Washington street to Fulton street was adopted.

LONG DELAYED WORK ORDERED AGAIN.

Mr. Mance said that a resolution to curb and grade and gravel the walks on Haubrook street, from North street to Linden avenue, had been adopted in September last, and asked that the work be done at once and it was so ordered.

FLAGGING ON BROAD STREET.

Mr. Luddington moved that the sidewalk be curbed and flagged on both sides of Broad street, between Prince and DeWitt streets. Carried.

LIGHTS WANTED FOR THE PARK.

Mr. Luddington moved that an arc light be placed on Wickham avenue, halfway between Grove and Smith streets, in front of the park.

The matter was referred to the Light Committee with power to act.

THE PETITION OF RAILWAY CO.

Mr. Luddington offered the following, which was adopted:

Resolved, That the application of the Middletown-Goshen Traction Co., for an extension of franchise on Benton avenue and from Lake avenue to Monhagen avenue be received and, and said application be, and is hereby ordered published, according to requirements of statute, and that date when said application will first be considered by Common Council be fixed for June 1st, 1894, at 8 p. m., at council chamber, and the city clerk

is hereby instructed to order same published at the expense of said Middletown-Goshen Traction Company.

A PROPOSED NEW STREET.

Mr. Luddington offered a resolution, of which the following is the substance:

Resolved, On our motion, that a street be opened from the westerly line of Chestnut street, crossing Bonnell street, and over the Erie Railroad, crossing Erie avenue, and connecting Chestnut street with Cornelia street, in accordance with maps filed in the City Engineer's office.

Be it further resolved, that the matter of negotiations with Mrs. Williamson for the taking of her lands for said street, be referred to the Law Committee, with instructions to report at the earliest possible date, the possibility of an agreement with Mrs. Williamson to avoid the expense of a commission.

On motion of Mr. Mance the clerk was directed to give the usual notice of the annual election of fire department officers.

Mr. Baldwin moved that the easterly side of Wickham avenue, from West Main street to Liberty street, be flagged within ten days, where not already flagged.

NOT CONNECT WITH SEWER.

On motion of Mr. Luddington it was ordered that notice be given to owners of tenement properties on streets in which there is a sanitary sewer, to immediately connect them properly with the sewer, and that when a sanitary sewer is put in any street all tenement properties shall be connected at once, and the work done under the supervision of the Street Superintendent.

On motion of Mr. Greene, the Clerk was directed to confer with the commissioners appointed on the new street, and urge them to complete the work at the earliest day possible. The Fire Committee was authorized to purchase wire cutters.

On motion of Mr. Reed the Council went into executive session.

A SPECIAL ELECTION ORDERED.

On motion of Mr. Reed the Clerk was directed to advertise a special election, for amounts not included in the Council's appropriations, the Mayor to fix the date of such election.

THE ALBERT STREET SEWER ORDERED.

The Sewer Commissioners having approved the plans for the proposed sewer on Albert street, it was ordered constructed.

The Council adjourned at 12:10 a. m., after auditing the following bills:

OVER THE SHAWANGUNKS.**WHAT OUR NEIGHBORS IN SULLIVAN COUNTY ARE DOING.**

ALL the News from All Parts of the County—Many Matters of Interest Concerned with Our Sullivan Exchange and Contributed by Wise-Wake Correspondents.

—There is talk of building a Roman Catholic chapel in Livingston Manor. A. P. DuBois has offered to give a lot. It is believed that the chapel will be built during the summer.

—Justice Ellis, of Livingston Manor, Tuesday, held a man named McIntosh in \$200 bail for the Grand Jury, on a charge of assault, made by Daniel Pomeroy, of De Bruce.

—Samuel Downs, for over half a century a respected citizen of the town of Thompson, died, Tuesday, in his eighty-fifth year. He was the father of Superintendent of the Poor Daniel Downs. Another son, Levi, resides in the West.

—Dick Schoemaker, of Fallsburgh, is authority for the statement

that every post office in that town is and has been for some time presided over by a Democrat and the "rascals" are completely turned out. The Democratic County Committee should not fail to present to Mr. Schoemaker some lasting token of their appreciation of the record he has made as Committeeman from that town.—Democrat.

—The shanty at Callicoon Depot, occupied by Sammy Leo, an Italian track walker, was entered, Wednesday afternoon, and robbed of two suits of clothes and \$70 in money. Many believe that the crime was committed by parties living in the village.

—Etta Brundage, a little girl six years old, was leading one of George Waldorf's horses at Hurleyville, Monday, when suddenly the horse jumped and kicked, hitting the child in the back. She was badly bruised but no bones were broken.

—The store of W. Wilkinson, at Hurleyville, was entered by burglars, Monday night, and robbed of about \$40 worth of goods. The property taken was: Three pairs of shoes, two suits of clothes, two revolvers, knives, jewelry and tobacco. The tools used in entering the store had evidently been stolen from an O. and W. caboose. There is no clue to the thieves.

HAVEN.

Quick Work by the Paymaster—Orange County Fishermen—Struck a Rock—Busy Times on the Canal—Personal and Local Notes.

Correspondence Acute and Mercury.

—The D. and H. yacht passed through here, Tuesday, at 5 p. m. Pretty quick work for the paymaster to pay from Eddyville to Port Jervis in one day.

—We are pleased to see the pleasant face of little Johnnie Tucker, of Jersey City, who is making his grandparents a visit.

—Dr. Freeman, of New York city, Dr. Santees, of Scotchtown, and Mr. Bull, of Circleville, were the guests of G. H. Russell, last week. They tried the fish in the Bassas Kill, but did not learn what success they met with.

—Fred Japsen undertook to drive a well last week, but the attempt proved a failure. He got the pipe down about twenty-five feet when he struck a rock and could go no farther and in raising the pipe it parted at the second joint and the balance remained in the earth.

—Boating is brisk at present and the boats are moving up and down quite steadily.

—Wm. E. Tucker has one of the finest gardens in this place. His strawberries look very promising.

—We need rain very badly over here at present as grass and grain are beginning to show the effects of the dry weather.

—The farmers of this vicinity are all about through with their spring planting.

—James Moley, having been the lowest bidder, secured the contract for carrying the mail from Haven to Brownsville.

—David Tucker is helping L. Rhodes & Son in and about their store at West Brookville.

—Mrs. Henderson and daughter Edna, have returned home from Middlebury, where they have been visiting friends.

—Miss Edna Gray was in this place, Wednesday, visiting her cousin, Chas. Startup, Jr.

When Baby was sick, we gave her Castoria.

When I was a Child, she cried for Castoria.

When she became ill, she clung to Castoria.

When she had Children, she gave them Castoria.

—Castoria is good for babies.

—Castoria is good for children.

—Castoria is good for adults.

—Castoria is good for everyone.
